PUBLIC NOTICE

Road Closure

May 31, 2011

Dear Camden-Wyoming Sewer & Water Authority Customer:

On Monday, June 6, beginning at 8:30 am, the Camden-Wyoming Sewer and Water Authority will begin the Water Distribution Improvement Project which includes the installation of a new 6" PVC water line on the block of W. Peach Street, Meadow Avenue, Apple Tree Lane and S. Layton Avenue.

There will be intermittent road closures taking place on W. Peach Street just west of Meadow Avenue. The road will be closed to thru traffic. No thru traffic will be permitted.

This closure is required to complete the first step of installation for the new water main. Road opening is necessary to tap the existing 10" water main located on W. Peach Street and run a new 6" water service across W. Peach Street to continue running the new 6" water main down the West side of Meadow Avenue.

Do not hesitate to contact the office during regular business hours 7:30 am – 4:00 pm; Monday through Friday and we would like to apologize in advance for any inconvenience this road closure may cause.

Kathleen Andrews
