2018 AMBULANCE SUBSCRIPTION

Dear Neighbor,

The Camden-Wyoming Fire Company Ambulance Service team of professionally-trained Emergency Medical Technicians responded to over 3,675 medical calls last year. We arrived in state-of-the-art ambulances outfitted with the most up-to-date life saving equipment. Our ability to operate depends on being reimbursed for each emergency 911 call we respond to.

When you take into account the cost of the two new ambulances on order (\$300,000.00), personnel and equipment that goes into running an ambulance service, you can see why emergency calls cost \$800.00 or more. Unfortunately, most insurances cover only a modest portion of that expense. **The rest is billed to you, the patient.**

Why Become a Subscription Member?

No one knows when an emergency will occur in the home, car or workplace. The Camden-Wyoming Fire Company Ambulance Service will be there to help you or your loved ones in your time of need. The cost of ambulance services can range from \$800 to over \$1,500 depending on the severity of the emergency. Your subscription membership of \$50 covers you and family members residing in your home. With your membership we will waive charges not covered by insurance including deductibles and co-pays. By contributing **you will have no out-of-pocket expenses** for services provided by us.

Help us, help you! By becoming a Camden-Wyoming Fire Company Ambulance Service subscriber, you not only support our ability to provide emergency 911 medical services, you also protect yourself from being billed for the portion of the cost of the emergency call not covered by your insurance.
