

Seth Greenberg for Wyoming Town Council

sethforwyoming@gmail.com

When my wife and I visited Wyoming just over three years ago, we immediately fell in love with the area and knew we wanted to call this town home—we made the move the same year & have since been grateful to be part of this terrific community!

Aside from Wyoming's rich historical features, what I find most appealing about the community is the special emphasis placed on safety and families through the various outreach programming, such as National Night Out.

These type of programs are particularly important to me because I have worked closely with people in public service for well over a decade building emergency vehicles for fire departments & police stations; I deeply value the role the Wyoming Police, Camden-Wyoming Fire Department and other entities play in our town.

I too wanted to take a more meaningful role in enriching the community, so I began serving as a member of the Planning & Zoning Commission in 2017. While on P&Z, I spoke out against over-development and lack of attention to the infrastructure.

In addition to P&Z, my wife and I have also volunteered to help out with the Wyoming Peach Festival for the past three years. I am a strong supporter of events like the Peach Festival since they promote communal harmony and help our town carry an important message from past generations to the present and future.

Historical & community preservation are of great significance and two topics I would like to address if elected. My main objective as councilman however, is to help improve the quality of life for Wyoming residents and business owners by making sure your voices are heard. I humbly request your vote on Feb 29th, so that I may represent you!

SETH GREENBERG
WYOMING
Town Council

Integrity, Accountability, Community
