

February 4, 2020

Dear Citizens of the Town of Wyoming,

My name is Tracy Johovic, and I live at 135 Southern Boulevard. It is my hope that you will demonstrate your support by electing me to remain seated on Wyoming's Town Council. In 2017, my family and I moved to Delaware from the outskirts of Pittsburgh, Pennsylvania. While I have not lived here very long, I have come to love this town and feel a sense of belonging. Thank you for allowing me to serve on Town Council for the last several months. It has been both an eye-opening and sometimes challenging experience for which I'm grateful. Although I have not held the position for long, I believe I have tried to positively impact our community with fiscally responsible, thought-out decisions. It is my goal to continue to serve our great community and be available to its citizens to assist in any situations that are of importance to our town.

Although I currently don't work in the field, I do hold a Bachelor of Science Degree in Nursing from the University of Pittsburgh. I have raised eleven children with my husband and maintained full-time employment working with the public my entire life. I have always tried to be active in my community in one way or another. I spent a year serving as President of the Auxiliary Committee for Munhall Baseball's Little League, successfully raising funds for new equipment. I have been a member of my children's school PTO and successfully chaired several committees and events. Last year, I became a member of the Wyoming Peach Festival Committee and successfully headed the raffle, raising extra funds. In October of 2019, I became the Secretary of Wyoming Town Council fostering a positive environment for our citizens and potential economic growth. I currently work full-time as a Manager for the Dover Skating Center and part-time as a Manager for the Christiana Skating Center. With over 15 years of management experience, I have always been able to work well with all types of people and personalities. I have a positive attitude, an open mind, and a willingness to listen. I use my own experiences and judgment to assist in the decision-making process, carefully weighing all available information. I pride myself on my work ethic and ability to find common ground. I am responsible and have a common-sense approach.

I hope that you will seriously consider supporting me in this year's election. As a current member of Wyoming's Town Council, I believe I have operated in the best interest of our great small town and its people. I hope to see some economic growth with some small businesses coming to our town while maintaining our small-town appeal. I promise to continue to carefully weigh any potential decisions and put the town's needs and interests before my own. Thank you for your time and consideration. See you at the polls on February 29th!

Sincerely,

Tracy D. Johovic
