2020 AMBULANCE SUBSCRIPTION

Dear Neighbor,

The Camden-Wyoming Ambulance service's professionally trained Emergency Medical Technicians responded to over 3,800 medical calls last year. Our ability to respond depends on being reimbursed for each 911 call we respond to. With the Covid-19 virus affecting so many people we must sanitize the ambulances after each call, as well as the EMT'S. This has caused our cost for each call to increase.

The two new ambulances we purchased this past year have been put into service. The cost to staff, equip and operate the service is costly. Unfortunately, most insurances cover only a modest portion of that expense. **The rest is billed to you, the patient.**

Why Become a Subscription Member?

No one knows when an emergency will occur in the home, car or workplace. The Camden-Wyoming Fire Company Ambulance Service will be there to help you or your loved ones in your time of need. The cost of ambulance services can range from \$800 to over \$1,500 depending on the severity of the emergency. Your subscription membership of \$50 covers you and family members residing in your home. With your membership we will waive charges not covered by insurance including deductibles and co-pays. By contributing **you will have no out-of-pocket expenses** for services provided by us.

Help us, help you! By becoming a Camden-Wyoming Fire Company Ambulance Service subscriber, you not only support our ability to provide emergency 911 medical services, you also protect yourself from being billed for the portion of the cost of the emergency call not covered by your insurance.
