National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances.

The Wyoming Police Department hopes you'll join them at this year's event.

In 1776, the Pennsylvania Packet and Daily Advertiser published the Declaration of Independence. This was the first newspaper to print the document.

Last Month's question and answer:

Last Month’s question and answer:

Their average life span is 200 years, making them the longest-living vertebrates in the entire world. What are they?

**Answer:** Greenland sharks, who have an average life span of 200 years. These creatures live in the Arctic Ocean. Researchers have found an ancient shark in the North Atlantic, believed to be 512 years old, which could be the oldest living vertebrate in the world.

How do they know the shark is 512 years old? The scientists used radio-carbon dating to measure carbon isotopes absorbed by the Greenland shark’s eye tissue. The tissue gave the scientists a range for the shark’s age—it was at least 272 years old and as much as 512 years old, and it weighed over one ton.

**Happy 4th of July**

Independence Day represents so much about the American story: freedom, bravery, patriotism, and of course, the summer celebrations with family and friends. Fortunately, our forefathers and other witty wordsmiths have done a lot of the work for us by originating quotes that are meaningful and relatable to those with whom you want to share the Fourth of July holiday.

Best wishes to you all for a Happy and Safe 4th of July.

“It will be celebrated with pomp and parade, bonfires and illuminations from one end of this continent to the other.” – Founding Father John Adams

“The United States is the only country with a known birthday.” – James G. Blaine

“So let freedom ring from the prodigious hilltops of New Hampshire. Let freedom ring from the mighty mountains of New York. Let freedom ring from the heightening Alleghenies of Pennsylvania! Let freedom ring from the snow capped Rockies of Colorado! Let freedom ring from the curvaceous peaks of California! But not only that; let freedom ring from Stone Mountain of Georgia! Let freedom ring from Lookout Mountain of Tennessee! Let freedom ring from every hill and every molehill of Mississippi. From every mountainside, let freedom ring.” – Martin Luther King Jr.
