

DON'T BE THE DEALER

Keep them safe. Clean them out.
Take them back.

Saturday, April 30, 2022
10 am-2pm

Unused or expired prescription medications are a public safety issue, leading to accidental poisoning, overdose, and abuse.

Pharmaceutical drugs can be just as dangerous as street drugs when taken without a prescription or a doctor's supervision.

The non-medical use of prescription drugs ranks second only to marijuana as the most common form of drug abuse in America.

The majority of teenagers abusing prescription drugs get them from family and friends—and the home medicine cabinet.

Unused prescription drugs thrown in the trash can be retrieved and abused or illegally sold. Unused drugs that are flushed contaminate the water supply. Proper disposal of unused drugs saves lives and protects the environment.

Take-back programs are the best way to dispose of old drugs. But if a program is not available:

- Take the meds out of their bottles;
- Mix them with something unappealing like used kitty litter or coffee grounds;
- Seal them in a bag or disposable container, and throw that away.

E-Cigarette & Vaping Devices Disposal

On the DEA National Take Back Day on
April 30, 2022

DEA will collect vape pens or other e-cigarette devices from individual consumers **only** after the batteries are removed from the devices. It is important to stress that the DEA is not responsible for removing the batteries from the devices.

If the battery cannot be removed, individual consumers can check with large electronic chain stores who may accept the vape pen or e-cigarette devices for proper disposal.

Individual consumers may also contact their local Hazardous Materials Management Facility to determine if they accept these devices, and for additional guidance regarding proper disposal.

SYRINGES

New and used Syringes can be disposed of at the Wyoming Police Department 120 West Camden Wyoming Ave. Wyoming, DE. 19934 on Saturday, April 30, 2022 from 10am to 2pm.
