HYDRANT FLOW TEST

Date: TUESDAY MARCH 4, 2025
Location: Sarah Circle
In the Wyoming Business Center
Time Period: **10:00 AM – 1:00 PM**

The Camden-Wyoming Sewer & Water Authority is advising residents regarding a Flow Test which is being performed by Bayside Fire Protection Company, Inc. This testing is required for future development purposes.

This may result in temporary and harmless discoloration of the water and/or fluctuations in water pressure. Should this occur, running a cold water tap for a short period will help to restore water color to normal. To avoid possible discoloration of light-colored clothing, residents may wish not to launder during the time indicated above and for at the next 24 hours after testing is complete.

We appreciate your understanding and apologize for any inconveniences caused during this time.

Contact the office at 302-697-6372 during regular business hours of 7:30 am – 4:00 pm; Monday through Friday, should you have any further questions.
